

3M lapping films and diamond lapping discs

3M lapping films

Use for fined, consistent, precision finishes.
Micron-graded premium minerals.

Resin-bonded for reliable, repeatable performance.
High strength polyester precision backing.

3M diamond lapping discs

A higher diamond concentration and a stronger resin bond give this product added durability and increased cut rate over standard diamond lapping film.

Product description	Part No.	Stk Code
Lapping sheets		
<i>Aluminium oxide lapping sheets - 215 x 280mm, packs of 50</i>		
0.05µm yellow	263X	135-30A/50
0.3µm white	261X	105-48C/50
1µm green	262X	105-49D/50
3µm pink	261X	105-50E/50
5µm brown	261X	109-77F/50
9µm blue	261X	105-51F/50
12µm yellow	261X	105-52A/50
30µm green	261X	105-53B/50
<i>Diamond lapping sheets type H - 230 x 280mm, packs of 10</i>		
0.5µm white	662XW	135-63D/10
1µm violet	662XW	135-67B/10
3µm violet	662XW	135-71F/10
6µm brown	662XW	135-75D/10
9µm blue	662XW	135-79B/10
Polishing discs		
<i>Standard - packs of 50</i>		
0.02µm white 127mm diameter	863XW	167-12C/50
0.02µm white 110mm diameter	863XW	167-11B/50
<i>N10 diamond - per disc</i>		
Black 127mm diameter	6648J	149-01C
Black 110mm diameter	6648J	183-63F
<i>Slurry-free discs - per disc</i>		
0.02µm violet 127mm diameter	861X	148-97D

Product description	Part No.	Stk Code
Lapping discs		
<i>Diamond lapping discs - 127mm diameter, packs of 25</i>		
0.5µm white	662XW	135-66A/25
1µm violet	662XW	135-70E/25
3µm pink	662XW	135-74C/25
6µm brown	662XW	135-78A/25
9µm blue	662XW	135-82E/25
<i>Diamond lapping discs - 110mm diameter, packs of 25</i>		
0.5µm white	662XW	135-65F/25
1µm violet	662XU	135-69D/25
3µm pink	662XW	135-73B/25
6µm brown	662XW	135-77F/25
<i>Silicon carbide lapping discs - 127mm diameter, packs of 50</i>		
5µm grey	464X	135-56C/50
15µm orange	461X	126-49D/50
